Englischsprachige Produktankündigung:

**Timeless** is an extraordinary and unusual effect with your wristwatch. Imagine being able to predict a spectator's freely-chosen time, and then being able to cause the hands of the watch to disappear completely. More than a trick, **Timeless** is a special watch (included) that can force any time you desire and allow you to vanish the hands.

Every package includes a luxury wristwatch which has been individually prepared for use with **Timeless**. Also included is a DVD demonstrating **Timeless** performances on stage and up close by Joshua Jay, as well as step-by-step DVD instruction by Andi Gladwin. This is a complete package with everything you need to know to perform this great effect.

Created by Liam Montier, with Andi Gladwin and Joshua Jay, **Timeless** is a truly original effect with an extraordinarily clever method that makes it easy to perform. You can force any time and then reveal that the hands have vanished with this
