ca. 16 x 23 cm, 401 S., L & L Publishing, Tahoma, Ca., 1996, gebunden mit Schutzumschlag The greatest collection of close-up tricks ever assembled between two covers. And ... by the way, no card tricks are included. The art oof Close-Up Magic is the first major book on close-quarter magic without playing cards. It becomes a major book not only because of its size and quality, but because the author has gone beyond the mere explanation of tricks and routines. The opening chapter, The Presentation of Close-Up Magic, embraces the whole approach to close-up performance. Hundreds of illustrations by Dennis Patten.
