Houdini's "Card on the Ceiling"...Blackstone's "Card Trick Without Cards"...Carlyle's "Piano Card Trick"...Dunninger's "Mental Card Trick" ... Steffi Storm's "The Wizard"...Milton Berle's "Quickie Card Trick" and more! These are just a few of the 150 sure-fire, time-tested, performance-perfected master card tricks of this volume. These are tricks that would leave you or any other spectator totally baffled and muttering, "How does he do that?". Yet surprisingly enough, they are tricks that require no special speed of hand or miracle of memory to bring off to your own satisfaction and the mystification of others.
