Effect: The performer shuffles the deck, and asks he spectator to cut it into four packets. Before this is done however, the magician says "You will cut to the ACES". When the top card of each packet is turned over after the cutting, it is seen that the cards on top spell A-C-E-S. The spectator did cut to the aces!

"But that is not what you expected, is it?" Says the performer. The magician now turns over the four packets, and on the bottom of each is an ace! The spectator really did cut to them!
