Aus der englischen Beschreibung: Tommy Wonder is a living legend in magic. This video will therefore demonstrate a master at work, a performer who so thoroughly understands magic and his audiences, that he has people question whether they've seen the "real thing". If you have not seen Tommy Wonder you are in for a treat - an experience you have never had before. Volume 1 includes: THE RING: Tommy relates on how he was recently robbed. He puts his watch, his ring and money in an envelope. Then he tears it in shreds. Instantly he holds up his arm. He is wearing his ring and his watch again. He opens up his wallet and shows, that his money is back inside. THE WATCH AND THE WALLET, MAGIC RANCH, THROUGH THE EYE OF THE NEEDLE, THE TAMED CARDS, TWO CUP ROUTINE.
