Aus der englischen Inhaltsbeschreibung:

From beginning to end "Balloon Magic" is filled with hours of creative fun. Authored by Marvin L. Hardy, the world's leading authority on tying balloon figures, "Balloon Magic" reveals the secrets of this fascinating and timeless art for everyone to enjoy and master. Until now, balloon figure-tying was an art form known only by clowns, magicians, and other entertainers, with techniques orally passed down from one generation to the next. "Balloon Magic" is the first definite volume that provides simple, step-by-step, illustrated instructions for more than 50 unique balloon figures, from the most basic to the most advanced. Novice and expert alike will be amazed at the variety of figures, from animals to toys to modern-day vehicles. With "Balloon Magic" (and a little practice) anyone can soon create colorful, lively, and even original balloon figures that delight and entertain people of all ages.
