Luke Jermay has done it again! He has decided to release more of his awesome material, the routines which he uses to stun audiences around the world. In this important new volume, Luke has tipped the real work on using Suggestion Techniques. Luke covers the **Definition = Creation** theory along with several other techniques and teachings. This, coupled with his groundbreaking applications of the four Convincers, is enough to transform and amplify your performances right away. But that's just for starters! Wait until you see some of the effects he teaches.
