This is a powerful and visual effect that is very easy to perform and is guaranteed to entertain.

A card is selected, signed and returned to the deck. You explain that you will now find the card by cutting to it. Using a playing card like a buzz saw, the massacre begins. The card is used to saw through the entire top half of the deck, splitting the top twenty-six cards in half. The card that is stopped at, beneath all the mutilation is the signed selection.

Everything may be handed-out for immediate examination and the cards are reusable. Comes complete with a special poker-size Bicycle deck and instructions.
