Those are the first words of **Off With His Head**, one of the most effective card tricks you will ever perform for a woman.

- Four blue-backed Kings are displayed
- One is elected for slaughter and the spectator shouts "Off With His Head!"
- A King now has a bloody red back...and it's head is missing
- It is the selected King.
- A trick anyone can do...and will want to do over and over.

Come complete with Specially designed gimmicks printed by the U.S. Playing Card Company and 8 page full-color, photo-illustrated instruction booklet.
