But what happens behind the closed doors of this intriguing society that only admits the most gifted magicians? In this fascinating history of the Magic Circle and magical performers, its former president, Michael Bailey, reveals how the society was created and what it stands for in a time when magic has become more and more sophisticated. Using his unique knowledge of the inside of this worldwide phenomenon, he documents the origins of magical performance and the subsequent beginnings of the society, including how it has changed in its hundred years of existence.
