Effect: This is probably the nearest you will get to being able to perform a true miracle of magic. Terri Rogers' Master Key is the ultimate version of The Key and it now incorporates into one economical and affordable package the world's two most baffling and effective book tests. Fifty sets already exported to the USA! Now you can buy both of the hottest book tests linked together into one brilliant routine and you are supplied with a package of three specially printed books; two paperbacks and one beautifully-bound hardback. Three beautifully printed quality books in a very limited edition! Now Terri Rogers' Key has been completely rewritten so that The Key is on all the left hand pages and the other major effect is on all the right hand pages. If you own the original Key you will understand. In fact there are now four brilliant book tests built into one set of books. You choose which effect you want to perform. The Master Key covers it all.
