Effect: 4 large cards with rabbits drawings are set one aside the other on a stand. Each one is covered by 3 cards with hats drawings. One spectator chooses one of the piles and keeps it covered with a silk. At the magicians command the 4 rabbits come together at the spectator's pile, while in all the other piles there are only hats. In the spectator's pile, one of the rabbits is sleeping in one of the hats. This lends to an extra climax, ideal for children parties.
