Paul Kozak is not only one of magic's most outstanding performers, his creative process is what separates him from the rest of the fraternity. Refined through the ages, Paul has used this salt pour for the last 25 years on the largest of stages. It is not like any other salt pour ever offered before! The precision machined; solid brass construction ensures a lifetime of performances. The gimmick has been powder coated with flesh tone color such that it never needs to be painted!

Designed for the most maximum capacity of salt, this is absolutely THE LONGEST SALT POUR EVER from a single gimmick! The gimmick is designed to hold a larger load than any salt pour gimmick ever offered before.

You receive the Paul Kozak Superior Salt Pour gimmick as well as a DVD, featuring a live performance of Paul Kozak performing the salt pour for the "World's Greatest Magic Show," currently running nightly at the Greek Isles Casino in Las Vegas! Also included in the DVD is a backstage teach-in session with Paul himself highlighting his 25 years-worth of handling & subtle nuances of the salt pour gimmick. When you see Paul's "Salt Management" to maximize the amount of salt displayed, you'll be extremely pleased with your immediate results!
