A unique documentary containing photos accompanied by autobiographical and anecdotal texts (in English), featuring more than 250 magicians from 28 nations.

The photos were taken by the author from 1980 to 2015 during performances of the magicians in Europe. The texts were contributed by the artists.

Format A4, 776 pages, 473 Photos, Hard bound

- "A Special Book. An extraordinary book. A history of magic of a different kind." Eberhard Riese
- "These large, beautiful volumes provide an opportunity to spend time with hundreds of magicians who share - in their own words - anecdotes, philosophy, and a bit of themselves. This is really the ultimate book test - open it anywhere and you will immediately know what they were thinking." Steve Beam
