Protect your favorite deck of cards without hiding the gorgeous artwork on the tuck box. These clear deck protectors are durable, and the perfect size to hold ANY standard deck of playing cards, even designer decks with embossing and foil-stamped features. Let them take the abuse for your box when you're carrying your everyday deck, so that when you are ready to perform, the tuck box looks as crisp and fresh as you do. Collectors will love the crystal-clear opacity and thin profile, which let them proudly display their rarest packs of pasteboards.

These are custom DS1 Carat Cases, emblazoned with the P3 Logo on the top flap and the CCC logo on the bottom, so you know they are the genuine article and the highest-quality cases. Made from PET, they are archival safe for even your rarest decks. These Carat DS1 cases are preferred by serious playing card collectors and are featured in the display cases of some of the world's best playing card designers.
