SKIN is a professional performance piece direct from the mind of Benjamin Earl, developed and refined over the last decade. The routine takes the coin bend several steps further and the entire routine has been meticulously thought out to ensure the spectator and the entire audience at large experiences something not just entertaining, but positively mind blowing.

Every aspect of how and why **SKIN** works is discussed in unprecedented detail on this high-definition instructional DVD as well as live performance footage so you can study the exact timing and nuances that make **SKIN** the most unique and original work on the coin bend to date.

SKIN is not just another variation on the standard coin bend - it is a professionally routined performance piece that will require careful study of the DVD in order to learn all of the important layers that make up this reputation making routine. Your efforts will be greatly rewarded and you will have an effect in your arsenal that looks and feels like the real thing!

Running Time Approximately 1hr 42min
