Klappentext (Auszüge): Roger Klause has not only dedicated his life to the study of the psychology of deception, he has become acknowledged as one of the world's leading exponents of sleight-of-hand and one of magic's finest teachers. Here, then, is a product of that life's work - routines, effects, and principles which reflect the careful analysis of a master and the fine touch of a connoisseur. Here, then, is the magic of Roger Klause - In Concert.
