Umschlagtext in Auszügen:

William Zavis' keen interest and skill in the theatre paid off handsomely when it came to the presentation of magic. He has an enquiring mind, ever striving to seek genuine improvement in effect, presentation and method. Ample evidence of this lies within the pages of this book. The evergreen classic Cups and Balls for example get the Zavis treatment; the result is a One-Cup routine you can do anywhere and even borrow the cup! An exciting principle is involved, also applied to coin magic and capable of further extension. For the card enthusiast there are several gems using both standard and jumbo size cards. The reader with a leading towards good magic with small objects is assured of many happy hours of enjoyable reading, practice, and performing.
