Beschreibung:

Volume 4 contains two more hours of solid coin magic that deals with transpositions. Dr. Rubinstein presents 5 routines, using several new techniques, and an unpublished four-phase routine with all new moves. David Roth follows with a classic, with kudos to Fred Kaps. Mike Gallo shows off his own handlings of another famous Fred Kaps routine and Geoff Latta follows with an ultra clean transposition done entirely in the spectator's hand! Latta struts his stuff with a unique presentation of the Sun and Moon and finally, releases his Deep Back Clip material, held back for years, with his Deep Back Clip Copper Silver.
