Inhalt:

Considered to be one of the most influential names in magic today, Criss Angel built his career by having a visionary approach and groundbreaking material.

Now for the first time ever, it's available to you, in his exclusive Criss Angel Mastermind DVD series (volume one).

This effect can be performed Anywhere, Anytime with No special props. That's Right: No Props, No Gimmicks, No Switches and No Set Ups of any kind are required! Borrow a spectator's signed coin... ask for a can of soda or beer (works with many brands)... then watch their face as their signed coin miraculously penetrates their sealed can, which immediately is heard and seen inside the can. As a matter of fact, the spectator, not the magician, can be the first person to try to remove the coin from the open can when they get home! It's Completely Clean!
